Dear Sir or Madam,

I wanted to inform you of a crime that I observed happen. On August 30th 2017, I was jogging near 44 Trinity Place and I saw a White Lexus 4 door NYS License plate GYB6039 driving really fast and hit another (it hit the other cars front passenger door and wheel well in the rear) vehicle license plate HPK7184 New York plates for both cars. The lexus hit him with his front side bumper. I left a note for the driver and was on my way. The driver of the lexus was a seemed drunk and very out of it. He was swerving, and after hitting the car he kept going, this was about 5:30am'ish. Fast forward to September 6th, I was jogging near East 5th street and 1st ave and I spotted the same car. So I followed it and it pulled into a parking lot adjacent to the 9th precinct of the NYPD. I stopped and watch an asian male walk into the police station(like 5:50ish), it was the same guy that I saw hit the car days ago. I came back about 30 minutes later and asked a group of cops standing outside if they know who's car it was, they told me it was a police lot and I cannot go into it. I walked into the police station and saw internal affairs in the glass encasement and thought this was my best chance to bring justice, considering I believe the asian male was a police officer who did the hit and run. I find this whole situation is disgusting and I am hoping you can remedy this situation and discover the identity of this menace.

Sincerely,

Good Samaritan
