

FISHERS TOWN DEVELOPMENT
CERTIFICATE OF COMPLIANCE
FOR CHILD WADE POOL

TO: Robert Taylor
FROM: Fishers Town Development
DATE: June 11, 2020
RE: Inflatable Wade Pool Verified by the Fishers Town Development

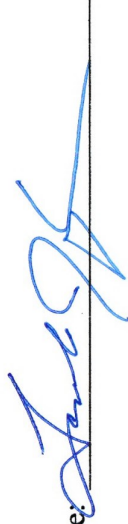

The undersigned certifies that the residential inflatable wade pool located at 11865 Loudoun Place, Fishers, Indiana 46037 in the Reserve at Oak Hall Subdivision, does not need to submit for a residential pool permit to the Fishers Town Development due to this is a child's wade pool (not an above-ground swimming pool). The Fishers Town Development has verified the following:

1. The pool is an inflatable wade pool
2. The height of the wade pool is less than 2 feet tall
3. The wade pool does not have a filter
4. The wade pool is located in the backyard
5. The wade pool is portable
6. The wade pool can be taken down seasonally

Due to this information, the Fishers Town Development has verified this inflatable wade pool does not have to file for a pool permit. Fishers Town Development as well as the Indiana State Guidelines define an above-ground swimming pool starting at a height of 42 inches.
